TECHNOLOGY TRANSPARENCY EFFICIENCY

Opportunity

- For the first and only time *ever*, agents have the opportunity to be a part of a national forwarding-style model, and actually have *control* of your future.
 - This is a Co-Op, not a “forwarder”.
 - Your private business remains your business!
 - The better the Co-Op does, the better the agent owner-partner does!
 - Annual Stockholder meeting/celebration
 - Dividends paid annually
 - Complete transparency

Trynity's Vision

- Provide lenders with the “one stop, one shop” model with which they are familiar, while creating a more direct model feel
- Leverage existing technology to create efficiency
- **Zero latency from initial assignment to the agent in the truck**
- Eliminate tedious multi-platform logins for agents
- Disrupt the current forwarder stranglehold on the industry

Legitimate Revenue Sharing

- **Transparent fixed margin share – You keep 85% of what the company take in on all repossession accounts**
- **Skip Account revenue sharing – Trynity shares 40% of any skip investigation fees collected on recovered accounts.**
- **Spiffs or rev sharing for turning your local client into a national client, plus we do a 24 month “carve out” of your local client so nothing changes and you still get paid what you always made!**
- **Annual Agent owner distributions**

Future Vision

- **Our national Co-Op gives us the opportunity to negotiate fleet pricing on trucks, fuel, service and more**
- **Exploration of Co-Op level pricing for towing, repossession and garage-keepers insurance**
- **Exploration of other vertical business opportunities such as keys, transportation, remarketing, etc.**
